Winners of these games will move on to semifinals (winner of 2nd Pool A vs 3rd Pool B to play 1st Pool B and winner of 2nd Pool B vs 3rd Pool A to play 1st Pool A). Winners of semifinals advance to Gold medal game and defeated teams to the Bronze medal game.
- e. Seven (7) teams, all teams will be put in a random draw to determine a team number of 1-7. Each team will play in four (4) round robin games; Team 1 vs. 4, 5, 6 & 7, Team 2 vs. 3, 5, 6 & 7, Team 3 vs. 2, 5, 6 & 7, Team 4 vs. 1, 5, 6 & 7, Team 5 vs. 1, 2, 3 & 4, Team 6 vs. 1, 2, 3 & 4, Team 7 vs. 1, 2, 3 & 4. If a game requires overtime (OT), teams receive two (2) points for an OT win, one (1) point for a OT loss. The team with the most points in each division will be declared the top team in that division. The second place team is the team having the second highest number of points, etc.

Breaking of Ties in Standings

When two or more teams have an equal number of points after the completion of round robin play, the highest of the tied teams will be determined in the following order using the "Official Score" of the games. In order to apply tie breaking rules a thru c, all teams must have played each other in round robin play.

- a) the winner of more game(s) between each other during the round robin will be declared the highest position.
- b) if still tied, the team having the greatest positive difference between goals for and against in games between the tied teams in the round robin will be declared the highest position.

- c) if still tied, the team having the least total goals against in games between the tied teams during the round robin will be declared the highest position.
- d) if still tied, the team having the greatest positive difference between goals for and against in all games during the round robin will be declared the highest position.
- e) if still tied, the tied team with the least total goals against in all games during the round robin will be declared the highest position.
- f) if still tied, the team having the lowest number of penalty minutes in games between the tied teams will be declared the highest position.
- g) if still tied, the team having the least amount of penalty minutes in all round robin games will be declared the highest position.
- h) if still tied, a coin toss will be used to break the tie.

Important Notes:

1. This procedure shall be followed in sequence until the tie is broken (i.e. one team is eliminated from the tie). Once one team is eliminated from the tie, the procedure reverts back to (a) in breaking of ties in standings.
2. This procedure, in most cases, will declare the team in the HIGHEST position. However, in some cases, the procedure will declare the LOWEST position between tied teams, and that team shall be dropped from the tie breaking procedure (i.e. the top two teams remain tied). In these cases, the procedure shall also revert back to (a) in breaking of ties in standings in order to break the tie between those teams that remain tied.
3. In all cases, the maximum difference (spread) between goals for and against in each game is seven (7) goals. This is the "Official Score".
4. In the event that after round robin play teams are tied for a position which entitles a team to participate in any of the championship games (gold, bronze or semifinal games), the following rules will apply:
 - a) Once tied teams have been ranked, from highest to lowest, then ten (10) minute mini game(s), starting with the two (2) lowest ranked teams, will be played to determine the team(s) who advance(s) to either the semifinals or medal games.
 - b) if three (3) or more teams are tied for one position, then the two lowest ranked teams will play in a mini game, the winner of this mini game will move on to play the next highest ranked team directly following the previous mini game. This process repeats with each winner successively playing the higher ranked team until there is one winner from the mini games.
 - c) if three (3) or more teams are tied for two (2) positions, then the team ranked first (1st) thru normal tie breaker procedure, shall automatically advance and the mini game procedure would be applied to determine the second position between the two lower ranked teams.

d) For more than two (2) positions teams will be ranked by using tie breaker procedure and mini games will be used to determine the last available spot between the lowest ranked teams.

Mini Games

Each mini game will consist of one (1) ten (10) minute, fully played, stop time period. If the score of a mini game is tied at the end of the regulation time, successive sudden victory overtime periods of the same duration will be played until a winner is declared.

Playing rules for the mini game will be applied as though the game was tied at 0-0 with the ten (10) minutes remaining in regulation time. The higher seeded team, following application of the normal tie breaking procedure, will be designated as the HOME team and will be awarded the free pass to start the mini game and the choice of ends. Additional period(s) shall be considered OT and a coin toss will determine ring possession and choice of ends as per regular OT rules found in Point Structure.

Each team is entitled to one (1) thirty (30) second timeout per mini game and one (1) additional time out per overtime period.
