EVENT SUMMARY

The Western Canadian Ringette Championships (WCRCs) are held annually in one of the four western provinces, British Columbia, Alberta, Saskatchewan, or Manitoba. This event provides a showcase for teams and athletes to demonstrate athletic achievement and the value of competitive sport.

The WCRC Governing Authority, made up of the current President (or designate) or each participating province, has the sole mandate to declare Western Canadian Ringette Champions, which is presently accomplished through round robin play, semi-finals, championship games and awarding of trophies in each division. This Authority has provided Hosting Guidelines and an event website to assist with the provision of a structured, uniform event year to year. A Technical Package has also been provided outlining the eligibility of participants, team staff qualifications, and championship rules.

Currently, competition at this event is provided for the U14AA, U16A, U19A, and 18+A divisions. Each provincial Champion in these respective divisions, along with a host team in each division, will vie for the coveted title of Western Canadian Champion.

When Saskatchewan is hosting the WCRCs, the hosting center will automatically receive host teams in each division of the event. When there are two (2) or more teams registered in a division, these teams must compete at the Provincial Championships for the right to attend the WCRCs as the Saskatchewan representative. When there is only one (1) registered team in a division, that team will automatically be declared the Saskatchewan representative at the WCRCs.

NOTE: The Provincial Champion will receive their entry fee paid to WCRCs and the first right to choose in the pick-up procedure if this is allowed in their division.
