

Tell Us Why You Play Ringette!

VISIT US ON

Calling all ringette teams! The Ringette Association of Saskatchewan is excited to announce that we're holding a contest, and YOUR team could win one of two \$100 Team Pizza Parties. All you have to do is create and submit a 1-minute video telling us Why You Play Ringette!

HERE'S HOW IT WORKS:

- Step #1** Shoot a 1-minute team video telling us Why You Play Ringette.
- Step #2** Fill out our short contest entry form included in this email. Forms may also be found on our site at ringettesask.com.
- Step #3** Submit your video and completed entry form via Dropbox no later than February 7th, 2017. All videos and entry forms MUST be labeled with your team name and submitted at the following link: <https://www.dropbox.com/request/rHoporpiXLsrutoqxIMk>
- Step #4** On February 13th, all received entries will be posted to the Ringette Saskatchewan Facebook page. Each team with a posted video will be entered to win a pizza party.

GAIN EXTRA ENTRIES!

- Step #5** From February 13th to 27th we'll give your team an extra entry for every like and share of your original video. The more shares and likes you get, the better your chances of winning!

Random draw will take place February 28th, 2017. Good Luck!

Contest Rules & Regulations

In order to be eligible, videos may not exceed 60 seconds. Sorry, only one submission per team. All entries MUST include a video file and completed entry form and be received via Dropbox no later than February 7th, 2017.

By submitting photos, video or other content to Ringette Saskatchewan Inc. (RAS), you are consenting to and authorizing (i) the use and reproduction by RAS of any video or multimedia likeness taken for any purpose and (ii) RAS to publicly identify me as the winner of any contest and to use and reproduce any print, video or multimedia likeness taken of me (including all photographs, pictures and audio recordings) for any purpose, all without further compensation or notice. All negatives and positives, together with the prints and other derivatives shall constitute the property, solely and completely, of RAS.
